

Frontenac EMC

May 27, 2010

EMC Events - Frontenac MP Scott Reid was making the rounds last week donating defibrillators and instruction packages to area schools through the ACT Foundation through its sponsors AstraZeneca, Bristol-Meyers Squibb, Pfizer Canada and Sanofi-aventis.

For his part, Reid takes a \$20,000 per year raise MPs voted themselves a few years back and donates that back to the community for worthy causes. Helping Reid with his CPR training are Sharbot Lake High School students Candace Cumpson and Skyler Howes.
